1. General. The Minutes of the 14 August 1984 meeting were approved as written.
2. Chairman's Report. The Chairman reported on the 13 September 1984 IACSE Steering Committee meeting:
 - The issue of public availability of Government building construction drawings was raised again; the Chairman IACSE will query ISOO as to the classifiability of such documents; also mentioned was the possibility of withholding contract data under current GSA rules and the possibility of seeking legislative relief.
 - GSA will take a firm stand on backing IACSE decisions with respect to Government acceptance of security devices and equipment.
 - Several subcommittees will defer work on certification of testing facilities until the IACSE support services contractor begins work.
 - A GSA decision on letting the support services contract is due within a few days.
 - The Locking Devices Subcommittee requested and received IACSE approval for an amendment to the FSS specification on locks.
 - The Guard Equipment Subcommittee will work first on metal detector specifications.
 - FSS has in hand a request from an alarm supplier for qualification of his alarm system; the Alarms Subcommittee will work with FSS to upgrade the current alarm specification.

Enclosure (1)

- ?
- The ADPA/IACSE Joint Symposium is on track and abstracts of papers are being received.

3. Old Business

a. NFIB/NFIC-9.1/47 status. DIA not being represented, this agenda item was deferred. The Chairman will contact the DIA Member to ascertain the status of the re-write, scheduled for completion by mid-September 1984.

b. Contractor Participation in PSWG Seminars. The SECOM approved contractor participation in PSWG Seminars at the 15 August 1984 SECOM meeting. Mr. [] SECOM Staff Advisor, indicated that a seminar site has been arranged for the first contractor seminar at CIA Headquarters for the period 24 - 28 June 1985. The FBI representative agreed to inquire into the availability of Bureau facilities at Quantico for the February - March 1985 period.

c. GOCO Personnel Status. The SECOM, at its 15 August 1984 meeting, concurred with the PSWG position that DOE GOCO personnel will be considered employees of DOE for PSWG seminar purposes.

d. August 1984 Seminar Critique. The Chairman distributed copies of the Consolidated Critique Sheet covering the August 1984 Seminar to the PSWG. OSD, Navy, State and NSA reported favorable feedback on the August seminar. Copies of the Issues Raised by Attendees were also provided the PSWG; Members were asked to review the Issues and to identify those (if any), which require Working Group formal attention. This will be an agenda item for the 9 October 1984 meeting.

4. New Business

a. Member Agency Reports. FBI reported success in controlling building plans with local municipal agencies.

b. October 1984 Seminar

- The PSWG agreed to look into reducing the presentations on Terrorism; the FBI Representative will explore the possibility of a Bureau presentation on the "Threat" for the first day of the Seminar, to include all threats pertinent to SCI facilities.

- The NSA Representative will see if [] of NSA can present the ADP Security briefing. [] DIA was also mentioned as a possible briefer for PSWG Seminars.

- Mr. Lundstedt's (State) excellent presentation will be continued; time constraints will, however, probably necessitate a reduction in allotted time. For CY-85 Seminars, the Chairman will try to arrange for a late afternoon Fire/Safety Workshop so that additional time might be provided into the early evening hours.

- Army will continue to arrange for alarm equipment handouts from major vendors.

- The agreed-upon Agency/Department quota for the October 1984 Seminar is:

AF	2
Army	4
CIA	1
DIA	To be provided
DOE	To be provided
FBI	0
DOJ	2
Navy	4
NSA	4
OSD	2
State	0

c. Other New Business

- The NSA Representative raised the issue of clearances for equipment repairmen; matter to be referred by NSA to Personnel Security Subcommittee.
- Navy distributed copies of Navy's position on physical security with respect to terrorism.
- The Industrial Security Working Group presentation to the PSWG is scheduled for the 9 October 1984 meeting at Bolling Air Force Base.

5. The next meeting of the PSWG is scheduled for 1000 hours at the DIAC, Bolling Air Force Base.
